LIFE WITHOUT HEALTH IS LIVING DEATH.

The Intest discovery of modern times, is without equal in all cases of defective nerve and brain power, whether induced by worry, overwork; dissipation, or other influences. Eleeplessness, palpitation, defective circulation, nervous dypepsis, the or neuralgia, low spirits, mental and bodily prostration, want of confidence, general debility, premature decay or deficiency of the vital forces, loss of vitality, barassing dreams, restlessness that can settle to nothing, irritability of temper, female complaints, bysteria, backache, bearing down sensations, wasting diseases, consumption, night sweats, muddy, high-coloured water, &c., are all so many different phases of brain and nerve wreckage and exhaustion, the cause of by far the greater portion of the misery, ill-health and despondency by which we are confronted on every hand, that can only be successfully combated by the use of this wonderful and highly scientific preparation. Bracing up the system generally, it gives sone to the exhausted nerves, acrests all weakening, wasting discharges, restores the failing energies, and imparts new life and vigour to those who had so recently seemed played out, used up and valueless. BOY MUNITION WORKERS.

There was a case before the Metropolitan Munitions Tribunal in which two boys of fourteen obtained certificates of release on the ples that they were expected to work from 6 a.m. to 6 p.m. and from 6 a.m. to 10 p.m. on alternate days at the rate of 25d. an hour.

This brings before the public a serious social problem which has been engaging the for some time. The effect of long hours on the physique of these boys is sufficiently serious to have been brought to the notice of the "Munitions Health Committee, There has recently been some improve-ment, the interval between the night work been perpetrated in the course of the spell and the day-work spell having been increased from 24 to 48 hours.

Mr Lloyd, George stated, in reply to a question in the House about a mouth ago, that there were 2,600 boys between 14 and 16 working at Woolwich, and I am told by people who have gone into the matter that the number is now somewhere about 3. 00. She may have the money and she may acquire the necessary number of ships to place her on the top of the list of the world's Navies, but it is an open secret that America. has found it no easy matter to procure the nec sary number of men to fully man the ships she has already; for the sailor's life does not appear to have attractions for the well-paid working classes of America. But assuming this difficulty is overcome by sufficiently attractive pay, the United States would be burdened not only with "the greatest Navy in the world," but, ship for ship, the most costly by a good margin; and we can but wonder how long the American people would be content to maintain. it after the excitement of the war has passed.

There was a very poor attendance at the rails this morning for which, o course, the state of the weather was accountable. There were several heav Chossy, 11, 89, 1.13, 1.48, 2.24.8, 2.58 showers between 7 and 9. At first the course (the sand, the grass being closed) was fast, but later, after many " powahad out up the sand and let the water in, the going was distinctly heavy. Thus the slower times of the last gallops must not be too ill-favourably compared with the faster times of the early once.

Nearly nevery pony in training was galloped, except the majority of Mr. Ellis Kndcorio's stable, and the times Ploudum-rized, 14, 40, 1.12, 1.48, 2.25 done are given below.

Of the old ponies Perfection Dublis, -and he is in the pink of conditiongave the best performance. Pingwu Chief is improving again; his Curry Sark,"Knoll, 14," 37.2, 1.18.2, 1.50. finish in 31.4 was more like a race pony's performance than his last big effort. Adventure was taken very slowly for mile, but came rathling home in 29.4. Windsor Dahlia and Winsome Dahlia are apparently Sir Paul's best. Both dia excellent gallops, as the times show. None of Mr. John Peel's have yet been thoroughly extended. Little Jack Horner finished well this morning; last threequarters 1.41.3, last half 1.04.3, last quarter 30.8. He will probably turn out a filer over a mile or under. Sandy went a mile in 2.19.1, last quarter 82.8; not ridden out.

The best performance of the Subs. was, perhaps, Ruby Dahlia's mile and a quarter; though some prefer King Charles or Spear. Anyway these are three of the best as far as one can see at present. and some good racing should be seen when they meet, a fortnight from

SHANGHAI RACE CLUB THE CLUB'S ROLL OF HONOUR

At the annual general meeting of members of the Shanghai Race Club held last week, the Chairman Mr W. 8. Jackson, presiding over a large gathering of members delivered the following

remarks on the above subject :--"Before I proceed with the official business. I feel that you would like me to refer to the Race Club's 'Roll of Honour' and I would ask you to join with me and 51 my colleagues in expressing our deep and 98 heartfell sympathy with the relatives of 13 cur late fellow members, Messrs W. H. 91 Dent J. C. E. Douglas, J. E. Gresson, L. C. A. Hooper, o Hamilton, by Witchell 30 E. P. Jones, B. D. Bruce, W. Davidson, 15 P. Lambe, B. S. Laurence, H. S. Oppe-28 W. E. Reiss and G. U. Robbins, who have so nobly given their lives to their King and

country in this great war. "Gentlemen-I feel that no words of We limine can adequately express the deep egret and sorrow with which the news of their deaths was received in this community, but I think a no more fitting tribute could be paid to their memories by us to-day, than to place on record in the minutes of this meeting the manner of their untimely ends, which has proclaimed them to be brave and gallant gentlemen who we shall always be proud to recollect were once our fellow members."

With regard to members of the Club who are absent from Shanghai serving or about to rolunteer to join the British and Allied Forces, a suggestion that the names of all those members be placed on the honorary absent members' list and that their subscriptions be remitted during the period of their services with the above Forces, was enthusiastically and un-

animously adopted.

The following were elected Stawards of the Race Club for 1916---Massrs A. W. Burkill, G. D. Coutts, W. Jackson, John Johnstone, John Liddell, E. C. Pource and H. H. Read.

THE REBEL INVASION OF SZECHUAN.

THE TA HUANG TI AND TSAI AO

The following Mandate was issued by the State Department at Peking on January

Repeated telegrams have been received. from Chen Yi, Chiang Chun of Szechusz. stating that Tsai Ao and others at the head of the rebel forces have invaded the district of Yiping on the Szechuan frontier as well as the regions of Yen-tee-po and Hangkiang. where only 800 men were stationed as m local garrigon. The rebels in large numbers suddenly surrounded; the garrison and attacked them etc. etc. being cunning, unreliable and faithless and for creating a rebellion in Yunnan. has been deprived of his rank and office and ordered to await punishment. We have been in hopes that he might in this way be induced to repent of his sins. Contrary to our expectation, however, he has surprised the Government troops at the . 14 head of his robel force and has thus proven 14. that his crimes of rebellion are directed towards the disturbance of the peace and order of the country. It is therefore inexpedient further to show him lentency. The Ching Chun in the neighbourhood of the scene of action as well as all the high officers in command of military forces are hereby ordered to sivance for the suppression of the rebuls so that the local places may be protected and the people delivered from suffering.

The steamer Australian Transport, which went ashore about a month ago on the coast of Formosa has been refloated by the salvage party dispatched from Hongkorg by the Hongkong & Whampos Docks. The vessel was on a voyage from New York to Vladivostock with a cargo of railway material. We understand that the vessel will be brought to Hongkong next week for necessary repairs.

THE CASE AGAINST MESSES.

D. SASSOON AND CO. CORRECTED REPORT.

In H.M.'s Police Court at Shanghai one day last week the Magistrate (Mr G. W. the front tranches, shelled the enemy, King) made the following statement in and returned scatheless, though can- reference to the case of alleg-d trading with the enemy against Mesers D. Sassoon and

Phave to draw attention to the report o a cas Rex v. D. Sassoon and Co., Ltd. bers destroyed entanglements, captured tried in this Court, which appeared in yesterday's issue of the "North China Daily Nows." I do so for the resson that the report is quite misleading and calculated to make the public believe that in my opinion the prosecution should never have been brought by the Crown.

I refer particularly to the words "In conclusion his Worship said—I would add that I am certain the defendant company have absolutely clean hands in the matter. They did not know anything about it and it has not been shown as a fact that any enemy cargo got into their hands." There continue to advance in the Caucasus. | are two serious omissions in the report :-(1)-The summing up by myself of the evidence is not set out.

(2)—Nor is the dealing with the legal point which had been raised by Counsel. (1)-If the summing up of the evidence hal been reported it would have been apparent that in my mind there was reason that the whole case had been thoroughly ventilated in public. From the report it might be inferred that I had considered the evidence of little weight.-(2).-If what I said on the legal point had been fully reported it would have been clear that the words "in conclusion, etc. came at the end of my remarks on the legal point, and were used only with reference to a case of export cargo, and not of import cargo. As they stand in the report it would appear that I had entirely exonerated the defendant Company; read, however, in conjunction with the remarks preceding. on Petritch, c using 26 fires. SATISFACTORY PROGRESS.

The salvage of the P. and U. s.s. Nile, which sank in the Inland Sea carly last year, is making satisfactory progress, the Nagasaki Press states. It is being undertaken by the Mitsu Bishi Company's Dockyard at Hikoshima, Shimonosok Straits, and an attempt to raise the vesse. will be made in about a month's time. The vessel is lying in fifty feet of water, and as the current is very swift the salvage operations have been most difficult, the divers being able to work only three hours a day. a vigation in the vicinity of the wreck will be suspended during the next month by order of the Department of Communications, in compliance with a request by the salvage company. Mr. Haramishi, of the Hikoshima. Dockyard. Volunteer steamer Umegaka Maru three years ago, is in charge of the operations for the salvage of the Nile

HONGKONG TIDES,

The tide-table given below has been sompiled at the Nautical Almanas Office in London from the result of the analysis of observations taken by means of an as tomatic tide-recording machine in the Wa ter Police Basin at Telm Sha Teul during the years 1887-8-9. The zero of the table corresponds with

the zero of the sounding in the Admiralty Charn, which has been found to be & feet 3 inches below mean sea level. To obtain the depth of water on the tide gauge at the Victoria Laval Yard add 8

leet 4 inches, and on the gauge at Lamont Dock, Aberdeen, add 10 feet 6 inches to the height given in the table.
